

## TOOL LIST FOR CRAFTSMAN'S TOOL CHEST

Below is a list of the tools recommended for the Craftsman's Tool Chest Course. Students need not purchase any tools and are welcome to use PFW's hand tools. However, we have found that if students work with their own hand tools they have a better learning experience. The vendors, brands and models listed below are merely suggestions based upon the experience of PFW but by no means are the only high quality tools or vendors.
