

TOOL LIST FOR THREE LEG STOOL

Below is a list of the tools recommended for the Three Leg Stool Class. Students need not purchase any tools and are welcome to use PFW's hand tools. However, we have found that if students work with their own hand tools they have a better learning experience. The vendors, brands and models listed below are merely suggestions based upon the experience of PFW but by no means are the only high quality tools or vendors.

PFW has a wide assortment of woodturning tools for students to use. However, if you have your own tools or would like an excuse to purchase some, the list is below. Brands to consider would be Ashley Iles, Sorby, Henry Taylor, Crown, etc. We recommend purchasing from Tools for Working Wood or Lee Valley/Veritas.

Roughing gouge - 3/4" or 1" approximately
Square end scraper - 3/4" approximately
Spindle gouge 1/2" or 3/8"
Parting tool
Skew chisel (optional)
Calipers
